THE TRAVELING SHOW

THE circus had come to town, and everybody in Mason City was aflutter with anticipation. Kids from all the outlying spreads crowded about, scarcely able to restrain their impatience as the roustabouts began erecting the Big Top and staking out the carnival lot.

Even some of the storekeepers and cowhands clustered about. The big animals commanded attention. The intrepid trainers, the human cannon ball and the strong man were surveyed with silent respect. And the clowns, as usual, captured their funnybones.

Word got about via the grapevine that the circus was better than ever. The throng of early onlookers vouched for that. And in an amusement-starved, small Western town like Mason City that spelled a sellout at the box office for the first day's show.

There was only one dissenter. He was Earl Jasper, a gambler and general ne'er-do-well. Earl disliked the traveling troupe and made no bones about it. "What's it really got to offer?" he'd ask. "It's just a lot of noise and nonsense to talk people into taking an admission ticket. They've got sad-faced clowns who are supposed to be funny. They've got tame and tired animals that are supposed to fool you with ferocity and strength. And they have sheer trickery throughout instead of the real thing. You couldn't get *me* to the circus."

Of course, the townspeople ignored Earl and showed up in droves at the cashier's cage the next day. Many of the stores closed down for the day and cowhands and kids from the nearby ranches came by the cartloads. Soon, all were enjoying thrills as the show got underway.

Sheriff Tex Hunter was among the spectators. Since there was a mob scene at the carnival and the town almost deserted, he felt his services might be needed more here. Privately, he might have admitted it was a good excuse to catch his first glimpse of the traveling show in years.

Toward the middle of the show, he noticed a sudden stir near the box office. He sensed trouble immediately and got there in a gallop. "What's up, Terry?" he inquired of the man he recognized as a teller in the Cattlemen's Savings Bank.

"I got here as soon as possible, sheriff," the man gasped. "Your deputy said I'd find you here . . . and that's a big break for us, your being on the spot . . ."

"What are you gabbing about?" Sheriff Hunter asked.

"The bank . . . it was held up, of course," Terry Martin stammered. "One of the circus clowns did it . . . held Mr. Owlett at gunpoint and forced him to empty all the money in the till into a canvas sack. Twenty thousand dollars he got! That clown was clever . . . with all that paint and crazy costume on, we couldn't identify him. No one was around town, so he had plenty of time to tie us up and then just saunter down the street with the money. He tucked the bills under that big, baggy blouse he wore.

"But I *would* recognize his costume. It was red and yellow candy stripe on top and purple polka dots on his white pants. It should be simple to search the clowns now and find the money. He hasn't had time to hide it."

"There's more here than meets the eye," Sheriff Hunter growled. "Even if the clown felt he couldn't be identified in his costume, he'd *know* the trail would lead right back here. I'll check the clowns, but I'll make a bet now they had nothing to do with the robbery."

Before the show ended, the sheriff and the shocked owner of the circus searched through all the clowns' personal belongings. There was no trace of stolen money anywhere. At the end of their act, all the clowns vigorously protested their innocence and insisted they had never left the grounds during the show. None was wearing a costume like the bank robber's.

"It's possible that one of them slipped out in the confusion and robbed the bank," the Sheriff said. "But as long as they're willing to speak to the bank president and let him try to identify their voices, I'm convinced the answer lies elsewhere."

How to 'take charge' of a highly-paid job in AIR CONDITIONING & REFRIGERATION

Are you interested in a better job, big money and a secure future? Do you prefer work that is interesting, a challenge to your imagination, and loaded with opportunities to go in business for yourself? Then why not consider a career as mechanic or technician in the Air Conditioning and Refrigeration industry!

You see, Air Conditioning is now America's finest opportunity field. The government reports that during the past 12 years, production increased 400%. *No other industry did better!* The fact is, 8,200,000 domestic and industrial units are produced annually. Already 150,000,000 are in use. Experts say that 20,000 technicians must be trained each year to match industry growth! You can qualify for a top-pay job. How? *Train at home in spare time.* The CTI method is easy, practical and resultful. Quick, too. For full information, *mail coupon below.*

Many CTI graduates go in business

It is relatively easy to start a repair business in the Air Conditioning and Refrigeration field. Armed with up-to-date knowledge, seasoned with skill acquired through practice on kits, and equipped with tools and gauges, many graduates start out on their own. Some expand into retail stores. Others have contracts to service taverns, restaurants, food stores and commercial buildings. The more resourceful become contractors. Conditions for success are excellent.

Many students earn cash as they train

The average CTI student is eager to put his skill to profitable work, on a part-time basis. Though most students prefer to tie up with local dealers and repair establishments, a surprising number are independents. The extra cash helps meet training cost. Often there's enough to bank, or invest in more equipment.

Letters prove efficiency of training

"I have a business of my own servicing domestic and commercial refrigerators."—*Paul Humphrey, Colo.* "I made $1,000 while training, and am now a refrigeration man for a dairy."—*Giles Minton, N. C.* "I opened a little shop and am swamped with work."—*Charles Corley, Kan.* "Doing service work on a part-time basis the past 10 months, I earned $2,400. Have a nice business."—*Renos Johnson, Ind.* "My firm advanced me to field superintendent."—*Milburn Dougan, Ark.* You can do as well as these graduates!

An exclusive feature of CTI training is that you get parts to build a ¼ h.p. commercial-type condensing unit (above). You also receive mechanic's tools and gauges (right). After unit is assembled, you can build an air conditioner, freezer, refrigerator or milk cooler. Only CTI sends *working* kits.

Learn by practicing—Get valuable experience

The modern way to train is to gain skill and experience *with* knowledge—not *after* you graduate. From CTI's simple picture-lessons, you master elemental theory. From experiments and building with kits, you develop skill. In other words, you learn by practicing, pick up solid experience much like on the job. That's the interesting, relaxing way to train after a day's work on your present job. CTI training is exciting!

Send for fact-filled booklets—Mail coupon now

Exactly what are your opportunities in Air Conditioning and Refrigeration? How does CTI train men for success? Get detailed, accurate answers to these and many more questions by filling out and mailing the coupon below. No obligation. —Commercial Trades Institute, Chicago 26, Ill.

He was right. And the answer to the mystery actually came from the mouth of a child. The whole town was buzzing about the burglary and the sheriff appealed to all for any clues that might lead to the identity of the criminal.

Only young Tom Morgan came forward. Tim was the bright ten-year-old son of the owner of the nearby Silver Spur ranch. "Sheriff," he said, "I think I bumped into the outlaw who posed as a clown and held up the bank."

"What do you mean *posed?*" the sheriff asked quickly.

"Oh, I'm sure he wasn't a *real* clown," Tim answered. "I never did see a clown who wore boots and spurs at the bottom of his pantaloons. I spotted this one on the street and stopped to talk to him, but he just pushed me away. He said, 'Beat it, kid, I'm busy and can't be bothered now. Why don't you go down to that traveling side show if you want to be entertained?'

"I know that no *real* clown would talk that way to a kid," Tim explained. "Besides, if he were a member of that troupe, he wouldn't have sneered when he called the circus a 'traveling side show'. Anyway, I followed him without him knowing it. I saw him slip in the back door of the *Lonely Hour Saloon.*"

The sheriff thanked the boy and did some fast thinking. The pieces had fallen together. He rushed over to the saloon and spoke to the bartender. "Do you know if Earl's upstairs in his rented room?" When the bartender nodded, Sheriff Hunter raced up the steps.

He drew his pistol when he reached Earl Jasper's room. He knocked once and then threw open the door. His big frame filled the doorway as Earl Jasper leaped from his bed and reached for his gun.

"Easy now!" the sheriff cautioned. "I've got you covered, so don't give me any trouble."

Jasper stared at him like a trapped animal. "You know," Sheriff Hunter resumed, "you gave yourself away. Only a guilty man would react the way you did. You played the role of a fool . . . just like any clown. Only difference is that clowns *pretend* to be foolish."

Earl Jasper quickly confessed after the sheriff found both the stolen money and the clown's costume under a loose board in the closet. He had hoped to get rid of the giveaway costume that night, but the sheriff had been too swift for him.

"You were the logical suspect," the sheriff told him. "You told everybody that you would never go to the circus. Your own words trapped you. Perhaps now you've learned that a little honest laughter is worth more than a lot of dishonest money. The biggest fool is the man who thinks he can fool everybody else!"

BOYS! MEN!

MY SECRET NEW DYNAFLEX METHOD

CAN BUILD YOU A MAGNIFICENT NEW HE-MAN-MUSCLED BODY IN JUST TEN MINUTES A DAY—with absolutely NO weights—NO bar-bells—NO EXERCISE AT ALL!

Yes! If the girls LAUGH at you now when you take off your shirt—they'll be breaking down the doors to get dates with you—once they've seen the rugged DYNAFLEX BODY I can give you! I'll build you a tough brutal massive body—shoulders clad with solid inches of he-man BRAWN. I'll give you bulging biceps, trip-hammer fists, power-packed legs, and a chest that will have you popping the buttons off your shirt with pride! (—says MIKE MARVEL, "Builder of Champion Bodies")

Mike Marvel

ARE YOU WEAK, ALWAYS TIRED, LACK PEP?

Whether you're thin and scrawny, or sagging with unsightly fat—my secret DYNAFLEX method will cram pep, vigor and red-blooded vitality into your puny, exhausted body. Once DYNAFLEX makes you a two-fisted dynamo of manly beauty, rippling with power, glowing with magnetic sex-appeal—you'll be bursting with get-up-and-go. Man, you'll be really ALIVE—tingling with zest and zip-roaring energy—for the first time in years!

PROOF!

"I tried two other systems, before my buddy told me about DYNAFLEX. It *really* works—and how! I've put two inches of solid muscle on my biceps, three inches on my chest. It's like magic!"
L. C., New York City

"I never thought you could build terrific muscles without exercises or weights. Started DYNAFLEX two weeks ago, and am building a *great* physique."
E. G., Detroit, Mich.

"DYNAFLEX is the best yet. Only three weeks, and I have more dates than I can handle! I am telling all my pals about DYNAFLEX."
P. R., Chicago, Ill.

ARE YOU ASHAMED OF YOUR BODY NOW?

Pal—do YOURSELF a favor! Take a good long look in a mirror. Do you see a puny, starved body—scrawny arms—bony shoulders—a flabby stomach and skinny legs? Do girls laugh and fellows grin when you take off your shirt?

BELIEVE IT OR NOT—I can add solid pounds of rippling, steely he-man MEAT to your build. I can take those skeleton arms and PACK EVERY INCH with explosive virile MAN-MUSCLE. I can take that caved-in chest and build on six rugged inches of strong sleek MAN-SIZED BRAWN. I can clothe your skinny frame with GIANT RIPPLING DYNAFLEX MUSCLES that will have the girls gasping with awe and admiration! And with NO tiring exercise, NO high-priced bar-bells or gym equipment!

Or is your problem a body sagging with soft rolls of unhealthy, unhandsome FAT? Puny muscles—sagging stomach—bloated face—arms heavy with layers of BLUBBER? Are you ASHAMED to go to the beach and let them see your "FAT-MAN PHYSIQUE"?

If so, wake up, fella! THIS IS IT! I will peel off that fat and give you a lean virile DYNAFLEX BODY, armored with a sheath of hard tough handsome muscle. I can build you into a healthy, streamlined HERCULES—bursting with dynamic manly strength. I'll give you a taut rock-hard midsection—legs muscled like coiled steel springs. I can pack solid DYNAMITE into your fists and give you a rugged handsome build brim-full of the magnetic SUPER-BODY SEX-APPEAL girls are hungry for. And with NO starvation diets—NO fatiguing calisthenics—NO expensive health-foods!

HOW DYNAFLEX BUILDS BEAUTIFUL BODIES

DYNAFLEX is the modern miracle of body-building. It takes no tiresome exercises, "crash" diets, protein foods, and no weights or bar-bells. DYNAFLEX is the amazing discovery of a West German Doctor whose research into the Science of Strength found a thrilling new way to build GIANT BRAWNY MUSCLES in ten minutes a day. With DYNAFLEX you "flex" each muscle once—in a certain way—that is more effective than if you exercised that muscle 20, 50, even 100 times the old-fashioned way. With DYNAFLEX you get bigger results in ten minutes than after hours of grunting and groaning, hefting heavy weights.

DYNAFLEX causes each muscle in your body to bring out its round, steely fullness and satiny symmetry. DYNAFLEX packs that muscle with glowing vibrant new strength and energy—FAST. In ten minutes a day I can cover your bony frame with healthy rippling muscle—give you a deep, powerful chest—solid shoulders and iron wrists—tough, slim midsection—and trim, steel-spring legs—simply thru "DYNAFLEXING" each muscle once a day!

There's nothing wrong with the bar-bell and weight-lifting method . . . but why bother? Why waste time and money, why sweat and strain your way to a streamlined symmetrical SAMSON-STRONG BODY—when you can do it better—bigger—faster—easier with the DYNAFLEX SECRET?

STRONG-MAN SEX-APPEAL ATTRACTS GIRLS

Be honest. Down deep you KNOW you envy the boy with the virile, magnificent build. Every man and boy secretly desires a broad brawny back, a solid man-muscled chest, handsome he-man shoulders, arms rippling with tough, steely sinews, a narrow waist, slim hips and springy, power-packed legs. Girls go for a fellow with TWO-FISTED BIG MUSCLE SEX-APPEAL . . . and they only laugh at skinny guys or "softies".

Let me give you a glowing new body, brimming over with energy and irresistible inches of solid muscle on your chest—he-man appeal. I can build three inches of beef and brawn on your shoulders, I will mold you a handsome super-body of terrific strength, give you a crushing grip, legs crammed with steel springs. A torso that rock-solid punch-proof midsection. Pack your body with energy and thrilling stamina that will have girls falling at your feet.

GIVE ME TEN MINUTES A DAY —THAT'S ALL!

After DYNAFLEX, you'll be able to roll up your sleeves and take off your shirt and, for the first time in your life, you'll be PROUD of your manly build. Yes, pal, say goodbye to your weak, flabby frame—get ready for adventure and romance with a solid physique that glows and vibrates with virile he-man appeal. You'll be really proud to have people see your MAGNIFICENT HE-MAN-MUSCLES at the beach or gym. And, when the fellows stare with envy and jealousy—when the girls crowd around to squeeze your iron biceps or touch your bulging brawny chest—when they ask in amazement HOW you did it—tell them about the Magic Secret of DYNAFLEX!

Albert Dorne – probably the greatest money-maker in the history of commercial art. At the height of his career, he began a full-time search for people who like to draw.

He's Looking for People Who Like to Draw

TODAY HUNDREDS of men and women who never thought they could be artists are working happily at easels and drawing boards, making pictures, and getting well paid for it. They all can thank Albert Dorne, a famous artist who devotes almost his full time to helping other people become artists.

Some of the people Dorne has helped

Herb Smith was a payroll clerk. Soon after he started studying with us, he landed an art job with a large printing firm. This was four years ago; today he's head artist for the same firm.

John Busketta is another. He was a pipefitter's helper in a big gas company. Today he still works for the same company, but as an artist in the advertising department, with a big increase in pay.

Harriet Kuzniewski was bored with an "ordinary" job before she heard of Albert Dorne. Today she does high-style fashion illustration in New York.

With the right training, Wanda Pickulski gave up her typing job to become fashion artist for a local department store.

John Whitaker of Memphis was an airline clerk two years ago. Recently he won a national cartooning contest and was signed to do a newspaper comic strip.

Long before Albert Dorne started looking for people who like to draw, they came to him for advice and help. Since he alone could only help a few of these people he called together America's most successful artists —men like Norman Rockwell, Jon Whitcomb, Stevan Dohanos and Al Parker.

A Plan to Help Others

He said: "All over America, there are people who like to draw, who could be turned into good artists. Why can't we give these people the training they need—including all the trade secrets and know-how we've learned over the years? I'm suggesting a new kind of school—a home-study art school that would give talented people the best professional art training, no matter where they live."

America's 12 Most Famous Artists

Norman Rockwell	Fred Ludekens
Jon Whitcomb	Ben Stahl
Al Parker	Robert Fawcett
Stevan Dohanos	Austin Briggs
George Giusti	Harold Von Schmidt
Peter Helck	Albert Dorne

The famous artists agreed. Taking time from their busy careers, they spent several years creating a remarkable series of art lessons covering every aspect of drawing and painting. They illustrated their lessons with over 5,000 "here's-how" illustrations. The lessons start from scratch and cover every skill a top artist needs. Finally, the famous artists developed a wonderful way to give each student personal correction and advice all through his training.

Albert Dorne is not surprised by the success of his students. "The art field is growing. We keep getting calls from all over the country, asking us for practical, well-trained students who can step into full-time or part-time art jobs."

Famous Artists Talent Test

To find others with art talent worth developing, the famous artists created a 12-page talent test. Thousands paid $1 for this test, but now the School offers it free and will grade it free. If you show talent on the test, you will be eligible for training by the School. No obligation. Simply mail coupon. It might be your first step to an exciting, well-paid career in art.
